The Chairman of the Board of Directors,

**Notification to Banks Regarding the Central Bank of Kuwait's Board
of Directors Resolution No. (2/220/1995) Concerning the Cancellation
of Established Maximum Limits for Fees & Commissions***

We inform you that the Central Bank of Kuwait Board of Directors has decided, in its meeting held on 22/1/1995, to cancel the maximum limits for the fees and commissions charged by banks against extending their banking services to customers, as well as to cancel the interest rates' floor applied to deposits and savings accounts. Enclosed please find copies of the above two resolutions for implementation with effect from the date of publication in the Official Gazette "Kuwait today".

The Central Bank would like to confirm that banks are required to avoid making any prior arrangements to charge interest rates on deposits which do not reflect the interaction of the supply and demand forces. The fees and commissions collected against the banking services should be commensurate with the cost of extending such services and should not be exaggerated⁽¹⁾. It should also be taken into account that the purpose of canceling the said limits is to give the banks more flexibility in exercising their activities in accordance with the market supply and demand forces, so as to enhance competition among the banks, increase their ability to innovate new banking services, improve existing services and render better operations and services to customers.

With my best wishes,

**The Governor

The Chairman of the Board of Directors,

**Instructions Regarding Measures to be Taken
by Banks in Relation to Fees and Commissions**

With reference to our letter dated 31/1/1995 regarding the Central Bank of Kuwait Board of Directors resolution issued, at its meeting of 22/1/1995, on the cancellation of the established maximum limits for fees and commissions collected by banks in consideration for their services extended to customers, as well as the cancellation of interest rate floor to deposits and savings account.

We would like to confirm the contents of our aforesaid letter which stipulated that fees and commissions charged by banks against banking services should be commensurate with the cost of extending such services. In order to achieve the objectives underlying the issuance of the said resolution, we would like to advise you that the following actions must be taken within one week from this letter's date*:

- 1- Your bank must announce the prices of banking services to customers on a designated bulletin board at your head office and all of its branches operating in the State of Kuwait.
- 2- Your bank is required to provide us with a list of the fees and commissions for banking services rendered by your bank. The said list shall be provided to us whenever any amendment is made thereto.

The Chairman of the Board of Directors,

Circular to all local banks

We would like to underline the importance of the relationship between local banks and their customers, which must be based on maximum credibility and transparency. Such relationship also requires proper attention to customers' needs, leading to their satisfaction with their banks.

To this effect, the following set of criteria has been established as a minimum for banks to comply with in their relationship with their customers, effective today, in the following manner:

- 1 - The rights and obligations of both the bank and the customer must be specified under clearly-worded and easily understood contracts, consistently with the applicable laws and regulations, Central Bank of Kuwait instructions, and commonly accepted banking practices.
- 2 - The contract signed between the bank and the customer must clearly specify the interest rate and all relevant fees and commissions, including those to be imposed on the customer in case of his breaching any of the contract provisions.
- 3 - The customer must be provided with a copy of the contract signed with the bank, whether at the time of signing, renewal or amendment⁽¹⁾.
- 4 - In addition to the statements of account which the bank periodically provides the customer with, as per common practice, the bank must also provide the customer, upon his request, with a copy of any statement of account and for any periods he desires, as well as with any certificate or statement pertinent to him, without any exaggerated fees for such service.

(1) Circular issued on 26/09/2006 under Item (F) of this Chapter confirming the need for providing the customer with a copy of the contract signed with the bank, whether at the start of dealing with the bank, or in cases of contract renewal, rescheduling or contract amendment, in addition to a proof evidencing that the customer received his copy.

- 5 - The application form signed by the customer, or the agreement he signs with the bank in relation to any of the banking services such as credit cards, electronic transfers, safe deposit lockers or other services, must include clearly-worded and understood provisions, and must expressly define the rights and obligations of the customer, as well as any relevant fees or commissions, including those to be imposed on the customer in case of his breaching any of the subject service terms.
- 6 - The advertisement of the bank's products and services through the press, magazines, radio, TV, signboards or any other means, must reflect the real service and benefits the customer will obtain, as well as the obligations that he may bear.
- 7 - The bank must pay sufficient attention and must comply with absolute transparency when offering and explaining its various services to customers, while insuring accurate replies to customers' inquiries.
- 8 - The bank must attentively and professionally review customers' complaints, and must reply thereto at the earliest possible.
- 9 - The bank must assign customer service to qualified and well-trained staff who can efficiently render the bank's services to customers and reply to customers' inquiries.
- 10 - The bank must maintain a professional code of conduct, which stipulates specific rules and criteria that the staff have to follow, including those governing the bank's relationship with its customers.

excluding the Industrial Bank of Kuwait**

With reference to the Council of Ministers' decision No. (1045/2002) regarding the rules for the treatment of the personal accounts held in local banks by non-Kuwaiti workers in non-governmental bodies, in light of what we noticed from the review of policies and conditions laid down by banks in the enforcement of the provisions of the above mentioned Council of Ministers' decision No. (1045/2002), the Central Bank of Kuwait confirms the necessity for your bank to abide by the following measures regarding opening accounts for non-Kuwaiti workers in non-governmental bodies, following your receipt of this letter:

1. Not requiring a minimum salary for workers, as a condition.
2. Not requiring that a certain amount be deposited by the employer, whether as a direct deposit or as a deposit for each worker, or in any other form.
3. Not requiring the elapse of a specific period from the time the employer opened the account.
4. Issuing the worker with an ATM card, on the account being opened.
5. Not applying any new policies or conditions regarding opening accounts for non-Kuwaiti workers in non-governmental bodies, before obtaining Central Bank of Kuwait written permission.

The Chairman of the Board of Directors,

**Correspondence concerning the rules and regulations governing
the loans extended by banks to their staff and employees ***

Enclosed is a copy of the instructions issued by the Central Bank, based on Article (71) of the Central Bank Law, which include the rules and regulations governing the loans extended by banks to their staff and employees, effective as of 30/4/1981.

Even though these instructions have left to each individual bank the determination of the maximum amount of loans that may be accorded to banks' staff, depending on a case-by-case basis, yet it is necessary that your bank ensures that such loans are granted to your staff within a limited scope and to the extent commensurate with the assumable use of these loans in terms of meeting staff personal and family needs, as set out in Item (4) of the said instructions.

As for the staff credit facilities outstanding before the effective date of these instructions, Item (8) of the instructions provided that they should be reported to the Central Bank twice a year, using a form designed for this purpose by the Central Bank. Enclosed are copies of the said form ** which shall be used by your bank to report these credit facilities to the Central Bank, commencing from the end of June, 1981.

The aforesaid form shall be forwarded to the Central Bank in a sealed envelope, with a remark "Private & Confidential – Banking Risks".

With my best wishes,

The Governor

** According to the Central Bank of Kuwait circular dated 09/07/1998 under Item (G) of Chapter 13 of this manual concerning the rules and regulations for banks' extension of consumer loans and other installment loans, staff and employees loans shall be reported as a footnoted in the consumer loans and other installment loans returns.

Instructions Concerning the Regulation of Lending to Banks' Employees

The Central Bank Law has regulated the provision of loans to members of the Boards of Directors of banks. Article (69) thereof provides that.

“Banks must not, in any form, give loans or overdrafts through current accounts, or issue guarantees in favor of the members of the Boards of Directors without prior permission from the General Assembly”. The Article further states that “Such loans, advances and guarantees shall be subject to the rules applied by the bank to other customers”. The Central Bank Law has also regulated the provision of loans to auditors. To this effect, paragraph (d) of Article (84) provides that **“The auditor may not receive any loans – whether with or without collateral – or guarantees from the bank which accounts he audits”.** As the Central Bank Law does not expressly address the regulation of loans given to banks' employees, other than the members of the Boards of Directors and Auditors, the Central Bank, in reliance on the provisions of Article (71) of the Central Bank Law, deems it necessary to regulate this matter by issuing the following instructions governing the provision of credit facilities to all employees of banks.

Item 1

The term “bank” or “banks” shall mean all banks operating in Kuwait, commercial or specialized.

Item 2

The term “employees” shall mean all workers in the bank, on full-time basis, with or without pay, employees or workers. This shall exclude – and insofar as these instructions are concerned – the members of the Board of Directors, Auditors and Advisors who perform specific assignments for the bank from time to time, and the advisors whose contracts terminate upon completion of the tasks entrusted to them.

Item 3

Credit facilities shall – insofar as these instructions are concerned – mean the cash credit facilities which a bank may provide to its employees, such as the discount of commercial papers, term loans, overdraft facilities, as well as non-cash credit facilities such as letters of documentary credit, bank guarantees, bank acceptances, and personal guarantees given by such employees to other employees of the bank or to bank's customers, regardless whether such facilities are secured or not.

Item 4

Banks may give their employees credit facilities only within those limits which are commensurate with the use of such credit facilities for specific purposes required for the personal or family needs of the employees, such as expenses for medication, education, private housing repairs, purchases of domestic appliances, furniture, various consumer goods and other similar personal and family purposes. The cash credit facilities accorded to the employees should be in the form of term loans, as per the conditions laid down by the Central Bank in connection with the regulation and rationalization of banks' credit policy.

Item 5

The Board of Directors of the bank shall exclusively have the authority to set the rules and conditions regulating the provision or renewal of credit facilities to the bank's employees. The Board of Directors may authorize a special committee for loans to consider the granting or renewal of such credit facilities, in accordance with the rules and terms determined by the Board of Directors in this connection.

Item 6

The reasons justifying the provision of credit facilities to the bank's employees, as well as the reasons for their renewal or any other information related to such credit facilities, shall be entered in one or more documents which shall be maintained in the file of the loan.

Item 7

To the exclusion of the purpose for which the credit facilities are accorded, the rules of these instructions should be applied to the credit facilities given to the employees prior to the enforcement of these instructions, in the event these facilities are renewed after expiry of the term of contracts and agreements related to them. With regard to facilities given for purposes other than those provided for in Item (4), the banks should see to it that the debt is gradually settled during a period not exceeding four years from the date of the enforcement of these Instructions.

Item 8

Banks should notify the Central Bank of the credit facilities referred to in the preceding item – which amount to or exceed five thousand dinars – twice a year; at the end of June and the end of December every year. This reporting should be on the special forms prepared by the Central Bank for this purpose.

Item 9

These Instructions shall be considered complementary and supplementary to the instructions, rules and regulations previously issued by the Central Bank. They shall not be considered as repealing any of the said instructions, rules and regulations especially as regards their relation to the regulation and rationalization of the banks' credit policy and the Center of Risk System.

Item 10

Banking terms used in these instructions shall be construed in light of the definitions given in the Center of Risk System and the Regulations for Rationalization of Banks' Credit Policy.

Item 11

These instructions shall be put into effect as from 30 April, 1981.

The Chairman of the Board of Directors,

**Circular No. (2/BS, IBS/193/2006)
to all Local Banks**

In reference to the Central Bank of Kuwait's circular dated 16/10/2002 issued to local banks, and Central Bank of Kuwait circular of 10/11/2003 issued to Islamic banks, on the regulation of the relationship between banks and their customers, and which include the criteria banks should comply with, as a minimum, in their relations with customers. The inspection carried out by Central Bank of Kuwait has revealed that some banks do not comply with some of those criteria, specially in relation to providing the customer with a copy of the contract he concludes with the bank.

Therefore, Central Bank of Kuwait stresses the need for full compliance with the mentioned criteria. The operating procedures manual of the bank must stipulate that the customer should be provided with a copy of the contract signed with the bank, whether at the start of dealing with the bank, or in cases of contract renewal, rescheduling or contract amendment. Proof of the customer received his copy must also be provided.

**Circular No. (2/BS,IBS/209/2007) To All Local Banks
On Discontinuation of Cash/In-kind Incentives to Customers When
Obtaining Credit Facilities or Credit Cards of All Types**

It was noted that some units of the banking and financial system exaggerate their competition by launching advertising campaigns encouraging the public to obtain facilities or credit cards by granting cash/in-kind incentives upon obtaining such facilities.

Taking into consideration that such practices involve adverse social impact on certain customers, the Central Bank stresses that local banks should, with immediate effect, cease granting the customers any such incentives against obtaining credit facilities or credit cards. Also, banks should stop and cancel the accompanying promotional campaigns. Please advise us, within one week from this date, of the actions taken to this effect⁽¹⁾.

The Chairman of the Board of Directors,

“Circular No. (2/BS/IBS/269/2011)

**To all Local Banks and Branches of Foreign Banks Operating in the State
of Kuwait Regarding the Establishment of Complaints Unit”**

As the Central Bank of Kuwait (CBK) is keen to find practical and appropriate responses to customers’ (individuals) complaints, in particular in terms of consumer and installment loans and fees and commissions collected from customers, we would like to inform you that it has been resolved that local banks must establish a Unit to deal with customers’ complaints and find appropriate responses thereto. This would be achieved through designing a mechanism to deal with customer complaints (a copy is attached) as a minimum requirement according to CBK’s vision. This mechanism shall be used as a guidance to establish a complaints unit, which will be effective on 01/07/2011.

Branches of foreign banks operating in the State of Kuwait shall assign the task of dealing with customer complaints to one of their departments, and that this department shall be committed to work according to the mechanism of dealing with customer complaints.

Banks shall coordinate with the Kuwait Banking Association regarding the typical instructions and directives for the Complaints Unit’s method of work, ensuring minimum acceptable professional level to deal with customer complaints and the mechanisms of expressing opinion thereto, as well as working with the formal form of customer complaints, seeking to apply best practices in this regard.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

I- Circular No. (2/BS/IBS/269/2011) Concerning the Establishment of the Complaints Unit.

Further, Banks shall provide the CBK with monthly consolidated statistical data about the number of complaints raised by customers⁽¹⁾, actions taken⁽²⁾ and qualitative analysis of the nature of the submitted complaints, as well as providing detailed information about these complaints in accordance with the attached forms^{(3) (4)}

Complaints Units at banks will be subject to offsite and onsite follow-up by the CBK.

With my best wishes,

The Governor

Salem Abdul Aziz Al-Sabah

⁽¹⁾ Local banks were informed to discontinue submitting monthly statistical data related to complaints against investment funds to CBK as of November 2011 as mentioned under Item (K) of this Section.

⁽²⁾ Pursuant to the circular dated 12/7/2011, included under item “J” of this section, a period of ten working days from the end of the reporting month, was set as a deadline.

⁽³⁾ Circular dated 16/5/2012 included under item “M” of Section (15) was issued regarding informing local banks, branches of foreign banks operating in the State of Kuwait, investment and finance companies that CBK is about to finalize updates of an automated system to enter the data of customers’ complaints and to provide CBK with the names of complaints unit’ staff who will be working on the said system.

⁽⁴⁾ Circular dated 5/8/2014 included under item “R” of Section (15) was issued regarding CBK developing and implementing of an automated system to enter customer complaints’ data submitted to Kuwaiti banks, branches of foreign banks operating in the State of Kuwait, investment and finance companies electronically through the new automated Complaint Register System (CRS).

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

I- Circular No. (2/BS/IBS/269/2011) Concerning the Establishment of the Complaints Unit.

“The Proposed Mechanism for Dealing with Complaints from Banks’ Customers”

Objective

Develop a mechanism whereby a response or explanation can be reached for any complaint presented by a bank’s customer within the contractual relationship between the customer and the bank, or regarding any violation committed by any of the parties in implementing their obligations pursuant to the contract provisions. It is meant by the customer here the “**Individual Customer**”, where the contractual relationship between the parties is such relationship regulating and governing the customer’s banking and financial transactions with the bank, such as: customer’s accounts, customer’s transfers, personal finance, fees and commissions associated with banking and financial services offered to the customer and any products or services the customer used or benefited thereof.

The Complaint Unit, that is proposed to be established at each bank (as set out later), shall receive complaints related to the Central Registration System for customers whose accounts at local banks were closed due to cheques returned for being without provisions, provided that work shall continue with the database of such system existed at CBK as is the case currently.

Further, the Complaints Unit, that is proposed to be established at each bank (as set out later), shall receive complaints from consumer & installments loans’ costumers whose names are listed on Credit Information Network system (Ci-net) among customers against whom there are judicial proceedings. These complaints are about inquiring about their positions or delisting their names from the system upon settling their debts for which legal actions had already been taken. It should be noted that the concerned authority (the bank) is entitled to delist the name from the system without reference to the Central Bank of Kuwait (CBK), according to Circular No. (2/BS/87/2001), dated 09/07/2001, provided that work shall continue with the database of such system existed at the CBK as is the case currently (as per that system’s controls).

Proposed Mechanism

1. Each bank shall establish an independent Unit dedicated for dealing with customers’ complaints mentioned above.
2. A standard form of customer complaints for all banks shall be prepared, specifying the mechanism of presenting the complaint, required documents and information, and other matters associated with the basis of the complaint.

15- **Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.**

I- Circular No. (2/BS/IBS/269/2011) Concerning the Establishment of the Complaints Unit.

3. Each bank shall specify means of receiving complaints from customers, with a minimum of three means: presenting complaints personally, by mail or by electronic mail.
4. The Complaints Unit shall examine the complaints presented from customers with whom it deals or those having outstanding accounts as per the contracts concluded with them.
5. The subject of the complaint should not be pending jurisdiction.
6. The bank shall not take any legal action against the customer as long as the customer's complaint is under the Unit examination and has not been resolved yet or no opinion has been presented to the customer. In the event the customer submits his/her complaint to court during the Unit's examination of the complaint's subject, the Unit shall stop examining the complaint.
7. The Unit shall present a written opinion to the customer on the subject of the outstanding complaint and support this opinion by appropriate justifications, including the corrective actions, if any, needed to resolve the subject of complaint. Concerning phone complaints and objections, the bank is entitled to refer the complaint to its Complaint Unit or to other various departments and units at the bank, with the need to develop internal control system to ensure finding appropriate responses and that the same phone complaints and objections shall not exist in the future.
8. The bank shall be committed to implement the corrective actions decided by the Unit, without prejudice to the customer's right for taking any further actions in case of non-accepting such corrective actions.
9. The Unit is committed to present its opinion to the customer within a maximum of 30 working days from the date of presenting the complaint. In case the customer failed to receive reply within such period; the bank shall send the reply to the customer by registered mail with acknowledgement of receipt.
10. The bank shall place approved complaints forms and mailing address of the Unit at prominent places of the main banking hall of the head office and all branches that deal with the public. In addition, correspondences and account statements sent to customers shall include the Unit's mailing address.
11. The Unit's opinion is merely technical and cannot be invoked or used as evidence in case of referring the subject of the complaint to court.

15- **Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.**

I- Circular No. (2/BS/IBS/269/2011) Concerning the Establishment of the Complaints Unit.

Establishment of the Unit

1. The bank shall establish the organizational structure of the Unit and employ qualified staff to perform entrusted tasks efficiently, providing that the members of the Unit shall have the appropriate technical and legal experience.
2. The Unit shall report to the Chief Executive Officer, who shall receive monthly reports on its performance.
3. The Unit shall present monthly reports to the CBK including, as a minimum, a consolidated statistic of the number of complaints presented to the Unit, the actions taken in this regard and qualitative analysis of the nature of complaints. [Preparing a consolidated report to which the banks are committed, so as to subsequently facilitate preparing collective report at the level of banks].
4. The Unit shall be responsible for examining complaints and expressing opinions thereto without any commitment to answering customers' inquiries service, other than in regard to the subject of the complaint, where the latter shall be provided by a different body in the bank (e.g. Customer Service).
5. The Unit shall have absolute authority to obtain direct access to the complainant's file, records and transactions in the bank, without obtaining prior approvals from other departments within the bank.
6. The Unit shall have absolute independence for carrying out its tasks.

Other Matters

- Kuwait Banking Association shall develop typical guidelines and directives for the Unit's method of work to ensure the existence of a minimum acceptable professional level in handling submitted complaints and a mechanism for expressing an opinion thereto.

Further, local banks may agree, through the Kuwait Banking Association, to develop a standard form for customer complaints. This form should include an acknowledgment from the customer that all information presented is correct and conformed with facts, with the customer held responsible for all the information presented, as well as his/her commitment not to take any further action in case of reaching an agreement with the bank on a corrective action for the subject of the complaint, and the bank implementing such corrective action fully. The customer also commits that he/she is not allowed to re-present the complaint to CBK on the same subject.

15- **Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.**

I- Circular No. (2/BS/IBS/269/2011) Concerning the Establishment of the Complaints Unit.

- Upon taking corrective procedures by the bank against which the complaint was filed regarding a customer's complaint, in particular, that is related to violating the CBK instructions and the bank's applicable bylaws, the bank shall examine other customers' positions to verify non-existence of irregularities rather than to wait for other customers submitting their complaints concerning the same subject.

THE EXECUTIVE DIRECTOR

9 Shawwal 1432 H
7 September 2011

The Secretary General of Kuwait Banking Association,

With reference to your letter dated 12/07/2011 and the content of our letter dated 09/06/2011⁽¹⁾ concerning the monthly minimum balance fee charged by local banks on customers' accounts with low balances and the hold of an amount equal to the minimum balance amount required for opening a bank account.

We hereby inform you that in light of the study conducted by the Central Bank of Kuwait (CBK) in this regard, **local banks must comply with the following:**

- Stop collecting the above-mentioned monthly fees and the holding of an amount when opening accounts that do not offer any rewards programs or drawings awards such as current/on-call accounts (for individuals), and savings accounts of all types or salary accounts, including the accounts of retirees and those who receive aid or monthly grants/subsidies, in addition to the accounts to which customers' salaries are transferred to.
- In case a customer wishes to open any of the accounts that offers rewards programs or drawings awards, banks shall obtain the customer's signature as confirmation of acceptance regarding the holding of a certain amount of his/her account or charging minimum balance fees against maintaining low balance.
- Provide customers with a variety of different accounts to allow them to choose among them.
- Banks shall, through the Kuwait Banking Association (KBA), announce their procedures regarding the above-mentioned rules, **noting that this came in accordance with the directives of the CBK in order to reduce the burden on customers.**

⁽¹⁾ Under this letter, the Kuwait Banking Association was requested to obtain banks' justifications and clarifications regarding the placement of a minimum balance amount and the value of that limit, on which a monthly fee is charged on a customer if his/her account balance falls below that limit.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

K- A letter to the Kuwait Banking Association concerning the monthly minimum balance fee charged by local banks on customers' accounts with balances lower than the minimum.

Therefore, you are required to take the necessary measures and notify banks to provide us with the amended pages of fees and commissions in accordance with the previously mentioned amendments.

“Circular No. (2/BS/IBS/285/2012)

**To all Local Banks Concerning Banks’ Marketing of Insurance Services
Supplied by Insurance Companies”**

Within the Central Bank of Kuwait (CBK) endeavors for organizing banking business and supervision; due to noticeable banks’ expansion in presenting and marketing insurance services provided by insurance companies; and in light of the significant difference between banking business and insurance business, in addition to the conclusion reached through the CBK study in this subject from banking and legal perspective, local banks shall:

- First: Stop marketing any insurance services except for those directly associated with the banking services so that insurance services are complementary to banking transactions: loan insurance, shipping documents insurance or other services directly associated with the bank activities on condition that customer’s approval must be obtained and such insurance services remain within the least possible limits.
- Second: Contrary to the above and for maintaining the legal positions of the contracting parties, banks shall not renew existing contracts among some banks and insurance companies for marketing certain services provided by such companies when these contracts expire. Further, banks shall immediately stop concluding any new contracts in this respect whether with customers or insurance companies.

The Chairman of the Board of Directors,

“Circular to all Kuwaiti Banks”

In light of Central Bank of Kuwait’s support towards the development of banking services and products offered by banks to customers and in view of the participation of the banking sector in economic and social development, the Central Bank of Kuwait (CBK) managed to include two projects related to the development of banking services and products of both Retail and Corporate Banking sectors, in the State’s projects under development plan.

As such, and within the CBK’s endeavors to monitor the developments of the banking services extended to the above said sectors, CBK communicated the Kuwait Banking Association (KBA) requesting banks’ viewpoints in this regard. Based on CBK’s study as well as banks’ viewpoints, please note the following:

1. It is important to get regular reports on banks’ achievements in servicing both sectors; one for the period ending on 30 June and another for the period ending on 31 December. The reports should include a number of factors that measure the relevant development and achievement in this respect; such as the efforts exerted by bank to weather the challenges hindering the development of retail and corporate banking sectors; development of the quantity of banking services and products, distributed by type; developments of bank’s policies related to disclosure and transparency for customers in both sectors; bank’s endeavors to boost customer awareness and information; the outcomes of the researches and studies conducted by the bank to enhance both sectors; as well as the mechanisms adopted by the bank to periodically measure customer satisfaction level and identify their needs. Reports should be signed by the bank’s Chief Executive Officer, and submitted to the Supervision Sector at the CBK.

Reports should be submitted to us within only one month from the end of the underlying period for which the respective report is prepared. First report to be submitted should cover the period ending on 31/12/2012.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

O- Circular concerning CBK’s monitoring the developments of banking services and products of both Retail and Corporate Banking sectors.

2. Banks' departments should pay more attention to prepare researches and studies on retail and corporate sectors; setting the suitable mechanisms to keep pace with local and international banking and financial developments in terms of the services and products offered to both sectors. They should also analyze the impact of different events on the bank's activities, and work environment in general, and on the bank's activities in the area of retail and corporate sectors in particular. This will help realize the required development in both retail and corporate sectors, and enhance the country's economic development plans.
3. Banks' policies and views related to the development of corporate banking sector should encourage customers to adhere to the principles and standards of governance. Further, this should be considered when assessing customers having obtained credit facilities.

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

Introduction

Enhancing customer confidence in a financial services market, characterized with positive performance and transparent banking services provided by banks to customers in all sectors, is an essential factor for realizing financial stability, developing these markets, and encouraging them to innovation and thereby enhancing the integration of these markets with the real economy.

And, as per the Central Bank of Kuwait's (CBK) targeted approaches to enforcement of its regulatory role for protection of customer rights, the CBK issued during the last years a number of instructions and directions to the banking sector aimed at enhancement of the concept of transparency and disclosure in financial and banking transactions provided by banks to customers in all sectors. These instructions aimed at, creating a convenient environment for safeguarding customer rights, in the framework of balanced relations that provide protection to the banking sector, but do not render the banking sector to reputation risks that may arise in event banks do not comply with the banking professional behavior controls, which may adversely impact upon customer dealings with these banks. Among the instructions issued by the CBK in this regard, for example, are the controls relevant to contracts concluded with customers in terms of their legality, their clear wording, transparency in fixing interest rates, fees and commissions, and providing customer with copies of the contracts and statements of accounts, along with the entire transparency in services rendered by banks to all customers.

The Central Bank of Kuwait also issued instructions for protection of retail customers rights, of which the instructions concerning the rules and regulations of granting by banks of consumer loans, and other installment loans. In November 2013, CBK issued instructions concerning the rules of financing granted to retail customers for the purpose of purchasing and/or development of properties located in the private housing and model housing areas. These rules took into consideration the risks, embedded in such financing, to which retail customers and the banking sector units may be subject to as well, and which may entail economic and social impacts. Therefore, these controls were laid down within an overall precautionary policies aimed at curbing regulatory risks. There were other instructions issued with regard to controls concerning issuing credit cards, and other controls aimed directly to safeguard rights of those customers. Of these controls, specifically, the latest instructions issued by the CBK in March 2013 concerning the establishment of a Unit in the CBK whose objective is to disseminate banking and financial awareness with customers and receive their complaints. The functions of this Unit covered providing phone service to answer customer queries and explanation of the mechanism of implementation of the instructions issued by the CBK, together with the terms and conditions related to protection of those customers and their obligations.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

Yet, international concerns during the last years towards consumer protection in the field of financial services grew further, following the repercussions of the global financial crisis, and the developments witnessed in the financial services markets and instruments, including the expansion in online services, and the increasing chances that risks may move to customers in various sectors, specifically in event those customers lack financial knowledge and awareness. In this regard, the Global Financial Crisis disclosed that one reason of this crisis was the likelihood of offering several innovated or structured financial products which contain high risks but customers failed to assess these risks so that they can build their decisions on deliberate and sound grounds. From this point, attention is drawn to the necessity that financial and banking products must be designed in conformity with customer needs, and within a clear framework, due to the risks they may contain. These developments stressed the necessity of protection of the financial consumer, and integration of such protection in the financial comprehensiveness and the financial awareness and educational policies, within the legal frameworks which provide protection to those customers, in terms of the fair treatment, the appropriate disclosure, improvement of their financial culture, and providing them with the objective advices and the financial services within competitive business frameworks and professional behavior, taking into consideration the protection of assets and information of those customers against any breach of their confidentiality, forgery or fraud.

Within CBK's continuous endeavors aimed at enhancing the protection of banking sector customers through a balanced relation between banks and their customers, guided by the best international practices in this regard, and within the framework of the principles of protecting the financial consumer, certified by the G20 Finance Ministers and Central Bank Governors in October 2011, the CBK issues this Manual for protecting bank customers in all sectors. This Manual encompasses a group of principles which are deemed to be complementary and not replacement to the instructions previously issued by the CBK with regard to protecting customers in their dealings with banks.

First: Protection of Customers – Significance and Concept

Protection of bank customers means application of measures aimed at mitigating risks which those customers may become vulnerable to their dealings with banks. These measures are applied by setting up the organizing frameworks, including policies and procedures, which ensure customers obtaining various financial services in an integrated framework of integrity and disclosure in their financial dealings, to ensure providing all rights to those customers without detriment or prejudice of their interest, and hold any person who infringes these regulatory frameworks accountable.

15- **Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.**

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

The process of protection of customers is based on three dimensions, represented in the following:

- **Organizational and Regulatory Dimension:** This dimension encompasses a set of approaches, applications and practices exercised by the concerned regulatory authorities for the purpose of enhancing customer protection.
- **Legislative Dimension:** This dimension encompasses a set of legislations and controls organizing customer rights and obligations, which form the binding framework through which business should be processed, whereby the bank which falls in breach of these legislations shall be liable to application of the appropriate penalties.
- **Awareness and Educational Dimension:** This dimension encompasses a set of activities and practices aimed at raising the standard of financial and banking knowledge and culture to those customers, thus raising their capabilities to take the right decision, which enhances the approaches of their protection and obtaining their rights.

Second: Organizational and Regulatory Framework

The Central Bank of Kuwait's mandate in protection of bank customers falls within the framework of the law No. 32 of 1968 concerning currency, the CBK and regulation of the banking business and its amendments of several provisions in this regard, and in compliance with the stipulations of the basic practices of effective banking oversight, starting from the extension of the regulatory role to ensuring that banks have adequate policies and procedures which ensure the availability of stringent due diligence regulations for the protection of customers, and to enhance implementation of high-standard professional standards in the banking sector.

Therefore, this Manual includes the principles and regulations that should be complied with by banks and which should be observed when rendering banking products and services to their customers, and when rendering financial advices and information to them or in event of announcement of or advertising these products and services, along with treatment of the complaint, grievance cases and settlement of disputes and conflicts.

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

Third: Objectives of Issuing the Customer Protection Manual

The target of issuing this Manual is to achieve a set of objectives, most important of which are the following:

1. Stressing the CBK's concerns in terms of protecting customer rights, to ensure that they will obtain the financial and banking services in an integrated framework of transparency and disclosure, and to enable those customers to take their decisions on sound grounds, along with stressing the importance of banks to keep pace with the banking developments relevant to the present and future needs of customers and enlightening them on whether these products and services are suitable to them or not, to realize their ambitions.
2. Setting a group of standards and practices relevant to protection of bank customers, so that these standards and practices will account for a basis for assessment of the bank performance in protecting customers and application of corporate governance in this regard.
3. Developing a general concept for the protection of customers, along with the focus on the banking sector, to contribute to enhance the regulatory objectives in support of the financial stability, through enhancing professional practices in the area of rendering financial services to customers, and to ensure absence of any problems on a national level, as a result of unsound practices upon banks dealing with customers.
4. The availability of a written guide containing important principles on customer protection, stresses the integrity and honesty, and is expected to cast positive impacts on the banking and financial actors, due to the fact that such a Manual accounts as a documentation in support of the efforts expended for application of these principles.
5. This Manual accounts for an educational and awareness instrument to bank customers, because it contains demonstration of the rights, obligations and principles which improve the standard of acquaintance of the nature of the relation with the bank, and contribute to promoting customers financial and legal educational process in their banking transactions. The availability of customers who are equipped with financial and banking culture and understanding will help rationalize their behaviors and financial decisions, and will reduce the likelihood of their involvement in causing crises due to their low standard of awareness.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

6. Establishment of fair practices that should be adopted when rendering the financial and banking services and products through banks, which account for minimum limits of policies and procedures applied by banks in their dealings with customers, specifically for focusing on transparency and disclosure to help customers take their decisions in light of their real positions.
7. Enhancement of the trust props and pillars in the banking system units, based on the fact that such trust is deemed amongst the most important factors for the success, growth and development of relations with customers, specifically in view of the presence of active mechanisms and clear frameworks for dealing with customer complaints and grievances and any practices that lack fairness or clarity.

Fourth: Scope of Application

1. This Manual shall be apply to banks operating in the State of Kuwait, including Kuwaiti banks and branches of foreign banks in Kuwait.
2. For the purpose of application of the instructions included in this Manual, are meant to be those customers of natural persons who deal with the above mentioned banks, and other corporate body customers, especially small and medium size enterprises, to the extent these instructions are applied to them and in light of the nature of their transactions and dealings with banks.
3. Principles contained in this Manual are complementary to and not replacement to different instructions issued by the CBK to banks with regard to customer protection.

Fifth: General Principles for Protection of Bank Customers

The following general principles for bank customers account for the minimum regulations that should be complied with by banks upon their applications and should be taken into consideration in their dealings with customers.

Principle One: Fair and Equal Treatment

Banks should, in their transactions with customers, take into consideration that these transactions shall be processed with fairness, equality and honesty, and shall be keen to make these approaches a part of their corporate governance rules and regulations. Banks should also pay further attention and special care to limited-income and education customers, old people and customers with special needs, without discrimination on the basis of gender.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

Principle Two: Disclosure & Transparency

Banks should provide their customers with all information relevant to services and products rendered to them, provided that this information shall be clear, accurate, simple and easy to understand, to ensure that customers are fully informed with the advantages and risks of such products and services in a transparent and clear manner, and that customers should not suffer any difficulty for obtaining this information. Banks should also take into consideration that the information provided to customers must include explanations of the rights and obligations of those customers, details of rates, commissions and fees collected by each bank in consideration of each product or service, and a clarification of the merits and risks related thereof, the mechanism of termination of the relation, and the ensuing impacts of the same, so as to make it easy for customers to make their decisions. Advices rendered to the customer must be tailored with their capabilities, potentials and financial objectives, and within the experience they hold concerning products and services. Customers must also be urged to provide comprehensive and accurate information on their positions and requirements, to enable banks to provide the appropriate services and advices.

Principle Three: Financial Awareness & Education

Banks shall have to lay down the appropriate plans and mechanisms for development and dissemination of financial and banking information to their present and potential customers, and work towards raising the standard of their awareness and education, so that they can identify all aspects relevant to banking services and products rendered to them. As such, customers will be able to take conscious decisions and be guided to the appropriate entity from which they can obtain any additional information, if so needed. Banks shall have to keep customers informed of their rights and obligations, especially the limited-income and minimally educated retail customers.

principle Four: Professional Conduct

Banks shall have to observe exercising and carrying out their businesses in a professional and responsible manner, taking into account and realizing the best interests of their customers in the process of their dealing with banks, on the basis that banks are accountable for the protection of customers with regards to the banking products and services rendered to them. In the forefront of these behaviors should always be, the integrity, credibility and verification and convenience of the products and services offered to the customer along with their potentials, capabilities and requirements, and to ensure the availability of sufficient training to the bank staff that communicate with customers and render banking services to them.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

T- Circular No. (2/BS/IBS/349/2015) concerning Bank Customer Protection Manual.

THE GOVERNOR

*18 Ramadan 1436 H
5 July 2015*

The Chairman of the Board of Directors,

**“Circular No. (2/BS/IBS/350/2015)
to all Kuwaiti Banks Concerning
Banking Services Provided to Customers with Special Needs⁽¹⁾”**

As a part of the Central Bank of Kuwait’s (CBK) Financial Inclusion efforts in allowing all the segments of society to benefit from banking and financial services provided by the supervised units, primarily banks, and to keep pace with international developments aiming at overcoming obstacles that hinder the provision of such services to those with special needs, attached is the set of principles and practices approved by the CBK’s Board of Directors in its meeting held on 07/05/2015, whereby Kuwaiti banks shall apply them upon dealing with their customers with special needs.

Banks are urged to take the necessary measures to implement these principles including the drafting of the necessary policies approved by their boards of directors and updating their work procedures’ manuals. Banks must implement these instructions as of the date hereof in order to be fully compliant with the same by the end of December 2016 at most.

As a part of CBK’s procedures to follow up the implementation of these instructions and to ensure the provision of the necessary banking services to this important segment of the society, banks must provide the CBK with a quarterly report starting from the end of September 2015, including the steps and procedures taken by your bank to implement the aforementioned instructions.

With my best wishes,

**The Governor
Dr. Mohammad Y. Al-Hashel**

(1) Circular dated 05/01/2020 under Item (V) of this Chapter emphasizes the need to include the request of obtaining the CBK approval for opening a branch, a clarification whether the mentioned branch provides banking services to customers with special needs or not.

Central Bank of Kuwait Instructions Concerning Banking Services Provided by Kuwaiti Banks to Customers with Special Needs

Definition of a customer with special needs:

For the purpose of applying these instructions, a customer with special needs is defined as “the customer who suffers from total or partial permanent impairment whether resulting in deficiency in his/her physical or sensory abilities that may prevent him/her from full access to banking services on equal basis with other customers”. This means that the customer has the ability to take his/her own decisions, but due to his/her special conditions, he/she may need assistance to do so (for example: hearing impairment, low vision/eyesight, blindness and physical disabilities). This definition does not cover people who have limited ability to make their own decisions (such as persons with mental illness).

General Instructions:

In the context of applying these instructions, including the core principles and practices, banks must consider the following while dealing with customers with special needs:

- Identify the customer and the extent of his/her ability to take decisions within the framework of the Bank’s measures in respect of “Know Your Customer (KYC)” and provide him/her with the arrangements and/or assistance that may be required to facilitate dealings with the Bank.
- Designate (at least) one branch in each governorate to provide banking services to people with special needs, alongside its normal business.
- Allocate, at least, one ATM in the selected/designated branch in each governorate of the State of Kuwait to provide banking services to people with special needs.
- Provide banking services to customers with special needs, including credit and financing facilities, offered by banks to any other customers, without increasing any burdens, such as interest / profits, fees or the like, owing to the fact that those customers have special needs. Banks must also inform and guide those customers of the risks involved in providing these services, taking into account their special conditions compared to other customers.
- Take all appropriate and effective measures to ensure equal treatment for customers with special needs while managing their financial affairs as well as access to banking services, credit facilities and other financial services.

15- Standards and Controls Regulating the Relation of Banks to their Customers with regard to the Extension of Banking Services.

U- Circular No. (2/BS/IBS/350/2015) concerning banking services provided to customers with special needs.

- Distinguish in treatment between literate customers with special needs who can use the Braille language or sign language in their banking transactions and illiterate customers.
- Facilitate the tasks of people with special needs and their judicial assistant.
- Allow a customer with special needs to appoint an agent(s) to operate his/her bank accounts upon the customer's desire. In such case, the bank must explain to the customer the associated risks of granting this authority to a person. Moreover, banks must clarify to the customer the measures of terminating such authority.
- Inform customers with special needs with all associated rights, obligations and risks before providing any banking services.
- Allocate special account numbers to customers with special needs to distinguish them from other bank customers in order to speed up and facilitate the services provided to them either by phone or in case the customer attends in person to the Bank.
- Taking into account that the documents required from those customers are the same as those required from any other customer (except for the proof of disability status). Their account must be classified as a "Special Needs Customer Account".
- Provide ramps or automatic lift devices so that wheelchair customers can easily access ATMs and bank branches, taking into account that such ATMs should be placed at appropriate height for those customers to use easily.
- Provide a free of charge over-the-counter cash withdrawal service for people with special needs.
- Safe deposit lockers must be provided to those customers upon request. Such lockers should be convenient to use in terms of location and accessibility.

Instructions on Dealing with Deaf and Mute Customers:

- Each bank must train some of its staff on sign language or appoint specialists at the branch to provide services and support people with special needs while conducting transactions.
