THE CHAIRMAN,

Circular No. (2/BS/12/1997)
Concerning The Instructions related to
Credit Cards Issued By Local Banks *

We would like to advise you that the Central Bank of Kuwait Board of Directors, at its meeting No. 241 held on 9/4/1997, endorsed the instructions regarding credit cards issued by local banks. (1) Enclosed is a copy of these instructions, which your bank has to comply with effective of the date of their issuance.

With my best wishes,

SALEM ABDUL AZIZ AL-SABAH

* Circulated to all local banks.
(1) Circular No.(2/BS,IBS/208/2007) issued by the Central Bank of Kuwait to comply with instructions regarding credit cards issued by local banks.
Circular No. (2/BS/12/1997)
Concerning The Instructions Related to
Credit Cards Issued By Local Banks (1):

Introduction:

For the purpose of implementing these instructions, banks should differentiate between credit cards which banks issue to their customers, and whose use does not entail the repayment of debt on installments, but are changed to the customer’s credit account. These cards are called “Charge Cards” and do not need specific controls to govern their use, as they do not result in any debt from the customers side. The matter of organizing the issuance and use of charge cards is left to banks discretion, as currently in practice.

As for cards whose use entails a debt on the customer’s side and the repayment of such debt on installments, and which called “Credit Cards” they are the subject of these proposed instructions that aim at exercising strict control on that type of credit and to limit its haphazard expansion.

Therefore, the contents of these instructions apply only to the second type of cards which allow the settlement on installments of the debit balances resulting from their use.

First: Maximum Limit

The maximum amount resulting from the use of a credit card and allowed to be repaid on installments, should not exceed ten times the monthly salary or the regular monthly income of the customer (2), subject to a maximum of KD 10,000/- whichever is lower. Excluded from this limit are those customers who have a line of credit with the Bank and request that the debit balances resulting from the use of credit cards issued to them, be deducted from the credit accounts granted to them by the Bank.

Second: Repayment Period (3)

"Repayment period of debit balances resulting from the use of credit cards shall not exceed one year, non-renewable. The one year period is to be calculated the maturity date of the monthly invoices to be deducted from the customer’s account."

---

(1) Circular No. (2/BS/208/2007) issued by the Central Bank of Kuwait to comply with instructions regarding credit cards issued by local banks.
(2) Circular No. (2/BS/196/2006) issued on 22/11/2006 to obtain the guarantee of the minor's guardian in respect of transactions which create obligations on the part of the minor's towards local banks.
(3) This paragraph was amended pursuant to circular No. (2/BS/167/2004) issued on 10/8/2004.
Third : Interest Rate

The interest rate applied to the debit balances resulting from the use of credit cards and whose repayment is allowed on installments, shall not exceed the contractual interest rate determined for KD lending transactions whose term does not exceed one year (i.e. a maximum of 2.5% above the Central Bank discount rate, as per the Central Bank’s instructions of 25/4/1993).

Fourth : Other Rules

1- Necessary actions should be taken to curb exceeding the credit limits granted to customers, so that a customer’s attempt to exceed such limit, will result in the immediate rejection of the transaction. In the event the customer wishes to exceed his limits, he should first refer to the bank, which will decide if the customer may temporarily exceed the authorized limit.

2- In the event the customer does not settle the due invoices after 60 days from their maturity, his credit card will be frozen and will not be reactivated except after payment of the due amount in full. If the delay period exceeds 90 days, the card will be frozen and will be reactivated only after 6 months from the date of the Bank’s recovery of the due amount in full. In the event of repeated default, the card will be renewed only after one year from the date of the Bank’s recovery of the due amount in full. In case of customer’s default for the third time, the credit card will be cancelled and shall not be renewed.

Local banks should coordinate necessary actions among themselves to ensure that no credit cards are issued to other banks’ customers whose credit cards were cancelled due to default, according to the time limits stated above.

3- The necessary provisions for irregular debts, shall be calculated on the same bases applicable to consumer loans and other installment loans, as mentioned in the Central Bank’s instructions concerning the Rules and Regulations of Credit Facilities Classification and the Computation of their provisions.
4- Each bank shall provide the Central Bank with the following data on a monthly basis: (1)

   a) Total number of customers for whom Credit Cards were issued, as well as the total debit balances resulting from the use of the credit cards and which are allowed to be settled on installment pursuant to these instructions.

   b) Legal actions taken against Credit Cards holders.

Fifth: These instructions shall be implemented from the date of their issuance.

9/4/1997

(1) Banks were provided by circular No. (2/BS/45/1997) issued on 24/8/1997 with forms on a monthly basis, and they are requested to provide the central bank of Kuwait with the filled – in attached forms.

THE GENERAL MANAGER,

Circular to all local banks and Kuwait Finance House

Reference is made to the communications and meetings which took place between the Central Bank of Kuwait and the current Chairman of the Union of Kuwaiti Banks, regarding the establishment of a database on the volume of plastic cards (credit cards) and (debit cards) transactions in the State of Kuwait, and the level of coordination between local banks and Kuwait Finance House in this regard, whereby the plastic cards transactions were categorized as follows for the purpose of establishing the mentioned database:

1. Transactions of credit cards issued by your bank, conducted inside and outside the State of Kuwait.
2. Transactions of debit cards issued by your bank, conducted inside and outside the State of Kuwait.
3. Transactions of credit cards and debit cards issued by foreign banks, which were processed through your bank within the State of Kuwait.

In this regard, your bank is requested to provide the Central Bank of Kuwait with the filled-in attached forms (31/3, 30/6, 30/9 and 31/12) on a quarterly basis, commencing from the quarter ended 31/12/2002 and not later than 15 days from the date taken as a basis for completing the forms.

THE GENERAL MANAGER,

Circular to all local banks
(Excluding the Industrial Bank of Kuwait)
and the Kuwait Finance House

Reference is made to the circular issued on 17/12/2002 to all local banks and the Kuwait Finance House regarding the required data on the usage of plastic cards in the State of Kuwait.

In this regard, please find attached the explanatory definitions of the above circular’s items, which shall be applied in the preparation of data required by that circular, according to the forms provided for that purpose.

Best Regard,

Ibrahim Ali Al-Qadhi

Executive Director Of Supervision Sector
Explanatory definitions regarding plastic cards data

First: General Definitions:

a) Credit cards are cards which provide the customer with credit to draw from, up to certain limits. These are of two types. The first, referred to as (Charge Cards), does not allow installment payment of the amount debited from the card, but require settlement at period’s end (usually at month-end). The second type, referred to as (Credit Cards), allows installment payment according to the Central Bank of Kuwait instructions No. (2/BS/12/1997), issued on 10/4/1997.

b) Debit Cards are cards which directly debit the customer’s account. Their limits are usually the available balance in the customer’s account, and they are usually linked to the customer’s account at the concerned bank.

c) Cards mentioned under items (a) and (b) through the points-of-sale and ATM machines.

Second: Credit Cards and Debit Cards Operations:

a. Points-of-Sale Machines - Credit Cards and Debit Cards operations executed through points-of-sale machines, (only by customers of the concerned bank) . [Bank which is the card issuer].

b. Automated Teller Machines (ATMs) - Credit Cards and Debit Cards operations executed through ATM machines, (only by customers of the concerned bank) . [Bank which is the card issuer].

The number and value of operations are categorized according to whether they were conducted inside or outside Kuwait. These operations shall be reported by the concerned bank, whether or not it owns the Points-of-Sale Machine / ATM.

c. GCCNet Operations- all ATM withdrawal operations carried out by the concerned bank’s customers are recorded as ATM debit cards operations executed outside Kuwait.
d. Number of credit cards/debit cards issued during the period, is the number of credit cards/debit cards issued to clients for the first time.

e. Total number of credit cards/debit cards valid as at end of period, is:

- Total number of credit cards/debit cards valid at the start of the period, **Addition**
- Total number of credit cards/debit cards issued to clients for the first time, **Subtract**
- Total number of cancelled credit cards/debit cards.

**It is noted that expired and renewed credit cards/ debit cards, are not included in/excluded from the count, as they are considered valid.**

f. Total number of points-of-sale machines, are those machines provided by the concerned bank to the traders among its customers, for processing their credit/ debit cards operations. [the bank as owner of the machine]

g. Total number of ATMs, are those machines owned and operated by the concerned bank, excluding those machines which the concerned bank is entrusted with operating or re-loading, but does not own.

**Third : Operations of Credit/Debit Cards issued by foreign banks, which were carried out locally:**

a. Points-of-sale machines - Operations of credit/debit cards issued by foreign banks, and carried out locally through Points-of-Sale Machines of the concerned bank. [the bank as owner of the machine].

b. ATMs - Operations of credit/debit cards issued by foreign banks, by which cash withdrawal was carried out through the ATMs of a concerned bank.
To All Local Banks Concerning Credit Cards Instructions (1)

We would like to advise you that the Central Bank Board of Directors resolved at its meeting of 3/8/2004 to amend Item “Second : Repayment Period” of instructions No. (2/BS/12/1997) passed on 10/4/1997 with regard to credit cards issued by local banks, and instructions No. (2/IBS/150/2003) passed on 3/11/2003 in connection with credit cards issued by Islamic banks. The amended item shall read as follows:

Second : Repayment Period :

“Repayment period of debit balances resulting from the use of credit cards shall not exceed one year, non-renewable. The one year period is to be calculated from the maturity date of the monthly bills to be deducted from the customer’s account”.

“Total installments deducted from the customer’s account in settlement of the debt resulting from the credit cards, and in repayment of the installments of consumer loans (finance transactions) and other installment loans (finance transactions), whether through the issuer of the credit card or the other creditor parties, may not exceed 50% of the monthly salary or continuous monthly income of the customer”.

With my best wishes,

SALEM ABDUL AZIZ AI-SABAH

THE CHAIRMAN,

Circular No.(2/BS/196/2006) requiring local banks
to obtain the guarantee of the minor’s guardian in respect of transactions
which create obligations on the part of the minors
towards local banks

This has reference to circular No. (2/BS/12/1997) issued on 10.4.1997
concerning the credit cards issued by local banks, and which stipulated that the
customer must have a continuous monthly salary or income in order to be
qualified for obtaining a credit card, except for customers who have credit lines
with the bank.

Whereas, it has been noticed that some local banks offer banking services
comprising the issuance of credit cards to minor customers (below the age of
21), we stress the need for local banks’ compliance with the requirement of not
issuing credit cards to minor customers (below the age of 21) who do not have a
monthly salary or income, while observing the stipulation of obtaining the
guarantee of the guardian in case of issuing credit cards to such customers.

In general, local banks should not carry out any transactions creating obligations
on the part of any minor customer (below the age of 21), except in the case
where the guardian guarantees such obligation.

With my best wishes,

THE GENERAL MANAGER,  

"Circular To All Local Banks "  
Implementation of EMV Technology for Shifting to the Smart Card  

This has reference to the Governor’s meeting held with local banks chairmen on 29/11/2005, where The Central Bank of Kuwait stressed the importance of finalizing the implementation of EMV Technology for shifting to the Smart Card by the beginning of 2006, as well as the need for adapting your POS system, so as to avoid the responsibility for the risks that may arise from misuse of credit cards and ATM cards issued by your bank.  

Further to our circular to local banks of 6/4/2006, and by way of reminding you of the importance of the above subject and re-stressing the need to finalize its implementation, we would like to draw your attention that the implementation of the subject technology must be completed by the end of the current year at the latest.  

In case of any inquiry, you may call Mr. Basel Al Hashash – Head of Coordination and IT Supervision Unit - Supervision Sector - Tel: 2972745.

CHAPTER TWO : The Law, Supervisory & Regulatory Instructions & Controls.

GOVERNOR

Jumada Al–Akhir 5,1428 H
June 20,2007

THE CHAIRMAN,

Circular No. (2/BS, IBS/208/2007)
Concerning Credit Cards Issued by Local Banks

This has reference to The Central Bank of Kuwait instructions of 10/4/1997 concerning the credit cards issued by local banks, and to The Central Bank of Kuwait instructions of 3/11/2003 concerning the credit cards issued by Islamic banks, as well as to The Central Bank of Kuwait circular of 10/8/2004 concerning the amendment of the mentioned instructions.

Further to The Central Bank of Kuwait circular of 13/2/2007 concerning the procedures local banks and investment companies have to comply with for rectifying existing violations of the rules and regulations for extending consumer and installment loans (finance transactions), and in the light of the findings of the follow-up by The Central Bank of Kuwait, which indicated the existence of breaches by some local banks of the limits established under The Central Bank of Kuwait instructions for credit cards issued by local banks, we would like to advise you that all local banks have to fully comply with all the limits established under The Central Bank of Kuwait instructions relevant to credit cards. Local banks are also required to comply with and implement the following:

First: Rectifying within one year - from above date - any breaches of the following limits established under The Central Bank of Kuwait instructions related to credit cards:

1- The maximum amount resulting from the use of a credit card and allowed to be repaid in installment, may not exceed ten times the monthly salary or the continuous monthly income of the customer, subject to a maximum of KD 10,000.

2- The maximum period for repayment of debit balances resulting from the use of Credit Cards shall not exceed one year, unrenewable.

34- INSTRUCTIONS CONCERNING CREDIT CARDS ISSUED BY LOCAL BANKS.
1 - Circular No. (2/BS,IBS/208/2007) stressing the requirement of full compliance with all the limits included in the Central Bank of Kuwait’s instructions concerning credit cards issued by local banks.
3- Total installments deducted from the customer in repayment of the debit balance arising from the use of credit cards, as well as in repayment of the installments of consumer and other installment loans – finance transactions, whether through the credit card - issuing bank or other creditors, may not exceed 50% of the customer’s salary or continuous monthly income (this relates to the breaches arising from adding the credit cards installments to the installments of consumer and installment loans - finance transactions – leading to exceeding the 50% ratio).

4- Banks will have to rectify all of the above mentioned breaches during the granted grace period (one year as mentioned above). At the end of the said grace period, banks will have to provide us with a statement of the number of breaches, accompanied by a certificate from both of the external auditor offices stating that all such breaches have been rectified. The Central Bank of Kuwait will consider the application of appropriate penalties to the banks that do not rectify the subject breaches within the granted grace period, pursuant to the rules of article (85) of law No. 32 for year 1968.

Second: The monthly installment of the credit card must be determined on the basis of the limit established for the card, when calculating the ratio of total installments of consumer and installment loans – finance transactions – and installment of credit cards / customer’s net salary or continuous monthly income, which may not exceed 50% according to the aforesaid instructions. Any breaches ensuing from this calculation must be rectified during the granted grace period (one year from above date).

Third: The installment determined on the basis of the credit card limit must be entered into the “last payment” box on Ci-Net system. This should be done in coordination with the mentioned company.

With my best wishes,

SALEM ABDUL AZIZ AL-SABAHA
